SOLUTIONS

Centralized Solutions

We are pleased to introduce HHCentre, an innovative software solution that incorporates the Home Health care business with clinical best practices tailored to exceed your satisfaction. HHCentre is not your standard Home Health software. It includes all the standard features you expect plus a lot more!

HHCentre Benefits

• Ease of Use. HHC staff members and users will appreciate the intuitive interface and ease of navigation.

• Availability. HHCentre is available when you are. An internet connection and proper credentials is all it takes to get the task done.

OPERATIONS

Today, DataSoftLogic is still directed, managed and operated by its founders. Our approach of simply listening to the end users perspective in order to deliver innovative and superior software solutions is still our core founding belief and is the way we operate the company. That is why we continue to deliver high client satisfaction

HEALTH CARE

Healthcare is where we began and our overwhelming interest to better humanity is what fuels our passion to perpetually pursue innovation in creating a complete family of software products just for the health industry; software that is ready to embrace any type of care setting or environment aimed towards improved patient outcomes.

OUR MISSION

The mission of Data Soft Logic Corporation is to effectively and efficiently address the industry's most difficult challenge, which is to simplify and improve the business process components through the advent of our software and information technology product solutions.
